2 ports compact KVM Switch

Save space on your desktop. This 2 ports KVM switch allows you to connect and share one monitor, keyboard and mouse on two different computers. The compact design with built in cables saves time on installation, gives you more desktop space and is saving you money. With a simple hot key on the keyboard you can switch to the other computer.

Highlights

- Connect 2 PCs with one monitor, mouse and keyboard through PS/2
- Compact design no power supply required
- Create your home office
- Easy switching thanks to smart keys
